

Module 14: Task 2 Recording sheet: Sharing examples from practice

<p>Record examples of ways in which you have built on children's ideas, questions and experiences</p>	<p>What challenges did you experience?</p>
<p>Think of a situation in which you noticed change or progression in children's inquiry skills, science concepts or creative dispositions</p>	<p>What do you think prompted change?</p>

Module 14: Task 4 Recording sheet: Analysis of classroom examples: role of the teacher in building on children's ideas and questions

<p>How did the teacher identify children's ideas and questions?</p>	<p>In what ways did the teacher build on children's ideas, questions</p>
<p>How did the teacher make links to children's prior experiences and build connections across the curriculum?</p>	<p>Where would you go next?</p>

What evidence is provided of the teacher's learning journey?
