

Resources

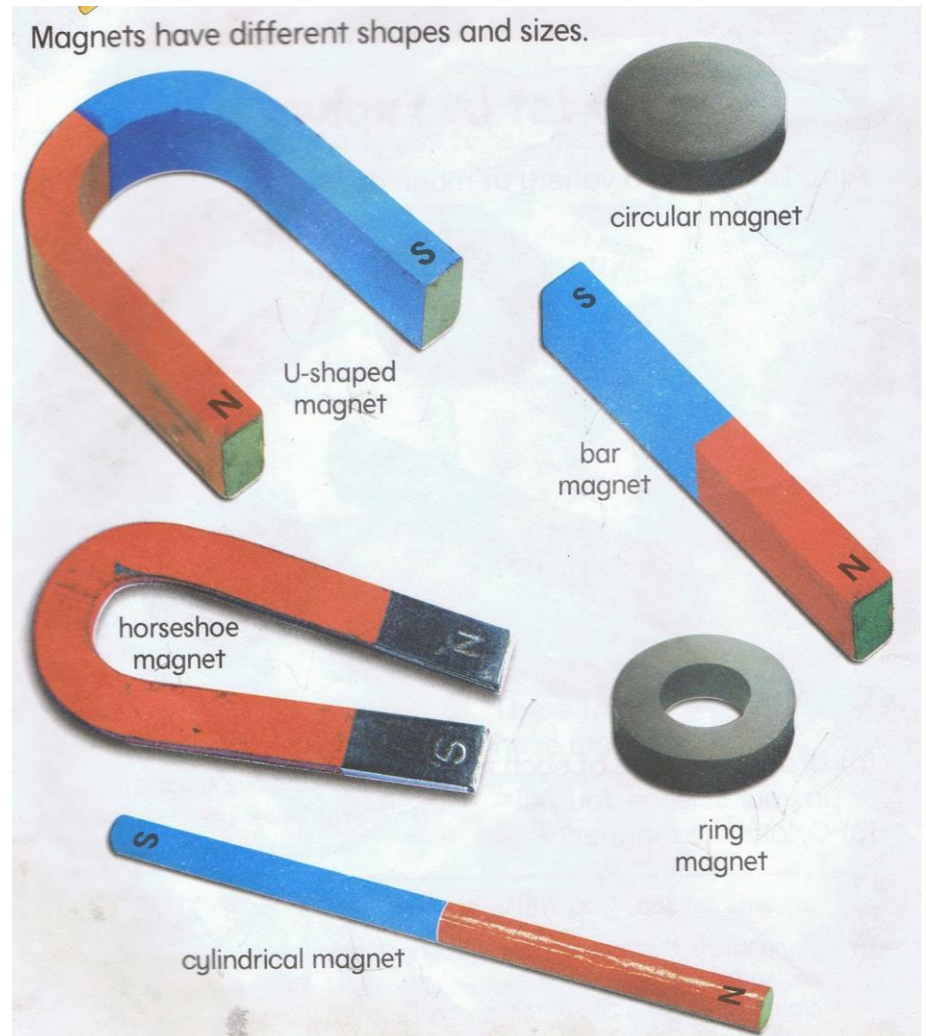

Variety of magnets
Paper clips – different sizes
and colours
Ruler
Squared paper

Swap roles

Doers become observers
observers doers

Either repeat the same
activity or do a different
activity

Which is the strongest magnet?

Blossoming Paper Flowers

Make a paper flower. Fold in the petals.
What happens when you put it in water?
What might affect how quickly it opens?

Resources

Paper flower templates, different types of paper
Scissors, pens, pencils
Tray/bowl of water, timer, washing up liquid, salt
